You.

I just finished the New Netflix Original Tv series ,You. I have to say if you're into the stalkerish, suspenseful type of shows this one is for you. The Netflix series is about a guy becoming infatuated with this girl.But beware there are some R rated stuff so it definitely for older teenagers and adults.

I watched the tv series with one of my friends and we couldn't stop watching it. We finished the 10 episode series in under 4 days. That's when you know we don't have a life.

I would give You a 8/10 rating because it does leave you on a cliffhanger and it makes you feel on edge. Also try not to watch it at night or you won't be able to sleep that good.
